

Advertising with AAMT in 2017

The Australian Association of Mathematics Teachers Inc. is the nation's premier organisation of mathematics educators. It aims to: support and enhance the work of teachers; promote the learning of mathematics; and represent and promote interests in mathematics education.

It is a federation of eight associations of teachers of mathematics from each Australian State and Territory and has approximately 4000 individual and institutional members.

AAMT publishes a newsletter (posted to all members) and three journals (by subscription) in four mail-outs throughout the year:

- *Highest Common Factor* (HCF, newsletter)
- *Australian Primary Mathematics Classroom* (APMC, Years F–7)
- *The Australian Mathematics Teacher* (AMT, Years 6–10)
- *Australian Senior Mathematics Journal* (ASMJ, Years 10–12+)

The journals publish research findings, teaching experiences and ideas, reviews of teaching resources, and interesting mathematical investigations or notes that are relevant for classroom use.

All journals are peer-reviewed academic journals and do not publish 'news' items (although news relevant to members may be published in the Association's newsletter).

Journals are distributed to members with the Association's newsletter (not all members subscribe to a journal) and other materials.

Advertorials will not be published.

Discounts are not offered to agencies making bookings on behalf of clients.

PLEASE NOTE that all advertising is accepted subject to the discretion of editors and AAMT office management; advertising of products or services that is in direct conflict with the principles of the AAMT will not be accepted.

Acceptance of advertising or other material to be included in any AAMT mail-out or publication does not constitute endorsement by the AAMT of those goods, services or organisations.

No more than two full pages of advertising per advertiser will be accepted within each journal, and double spreads will not be permitted. Should more space be sought, then potential advertisers should consider including an insert with the mail-out.

Specifications

Advertising should be submitted electronically as press-ready PDF (2400 dpi) with bleed to 5 mm and include crop marks. Full page ads are A4 (297 × 210 mm); half page are A5 (148 × 210 mm). PDFs can be emailed directly to Jacque Sprott at design@aamt.edu.au or by other means.

Delivery address for inserts

Inserts in a general mailing or with a journal should be sent to:
