

EARLY YEARS LEARNING IN MATHEMATICS

Online Support and Advice for Teacher of Mathematics Project 2013 - 2016

Connect with Maths: Early Years Learning in Mathematics

Your community is ready ☺

Have you heard that a new online community has been designed for educators who have an interest in the teaching and learning of mathematics to children birth to 8 years of age?

Connect with Maths: Early Learning in Mathematics community is now ready. The Forum is hub of this online community, a place for sharing of ideas, experiences, expertise and curriculum resources. We encourage educators to explore the space and have a play. Visit the Forum to have a say, ask a question or begin a debate.
